Women's wrestling is growing at an unprecedented rate. Montana USAW/AAU has supported the formation of a statewide team comprised of those girls who want to take their competition to the next level.

Women's wrestling is primarily supported within your own club. However, we do organize and travel with a MT Team to out of state tournaments such as Folkstyle Girl's Nationals in Oklahoma and the Women's Body Bar Nationals in Texas.

MT Women's wrestling is working to establish a list of female participants and contact information for their parents/guardians so that information can be disseminated in a more effective fashion. Once on this list, your wrestler will receive a MT Women's shirt and information about upcoming events geared toward female wrestling.
